O.C. 1527/88

On the recommendation of the undersigned, the Lieutenant Governor, by and with the advice and concurrence of the Executive Council, orders that

WHEREAS section 14 of the *Environmental Assessment Act* provides that where the Minister of the Environment has accepted an environmental assessment of an undertaking, the Minister may with the approval of the Lieutenant Governor in Council, give approval to proceed with the undertaking subject to such terms and conditions as the Minister considers necessary, or refuse to give approval to proceed with the undertaking;

WHEREAS, having considered the purpose of the Act, the environmental assessment as accepted, of the undertaking, which is the subject of the attached notice, and the submissions and requirements for a hearing received, the undersigned Minister of the Environment considers that a hearing may cause undue delay and is of the opinion that the undertaking should be given approval to proceed, subject to the terms and conditions specified in the attached notice; and

THEREFORE, pursuant to the provisions of the *Environmental Assessment Act*, the undertaking which is the subject of the attached notice, be given approval to proceed subject to the said terms and conditions.

Recommended JIM BRADLEY,
Minister of the Environment

Chairman.

Approved and Ordered, June 17, 1988.

LINCOLN M. ALEXANDER,
Lieutenant Governor.

Having considered the purpose of the Act, the Environmental Assessment of the undertaking as accepted and the submissions received, I hereby give approval to proceed with the undertaking, subject to the attached terms and conditions.

TERMS AND CONDITIONS FOR APPROVAL TO PROCEED WITH THE UNDERTAKING OF PRIMARY ACCESS ROADS IN THE LATCHFORD CROWN FOREST MANAGEMENT UNIT

1. The Ministry of Natural Resources shall eliminate the use by timber companies of the Liskeard Lumber Road within the Lady Evelyn Smoothwater Park by December 31, 1994.
2. The Ministry of Natural Resources shall establish a 1 kilometre minimum buffer zone wherein no roads will be constructed and no skid trails linked between:
 - (a) The Red Squirrel Road Extension, the Liskeard Lumber Road north of the Lady Evelyn Smoothwater Park and the Pinetorch Road; and,
 - (b) any other forest access road system.

Timber harvesting within this buffer is permitted but the removal of logs is to be undertaken only by skidding operations.

3. Between June 15 and the Tuesday after Labour Day in September of each year, truck traffic by log hauling trucks (loaded or empty), road construction on the Red Squirrel

Road Extension or in the Pinetorch Road corridor and timber harvesting near canoe routes and travelled waterways shall not be permitted at the following times:

- (a) any time on Saturdays, Sundays and statutory holidays; and,
 - (b) between 8:00 p.m. and 6:00 a.m. on other days.
4. Road construction, including timber clearing, shall not be permitted on the Red Squirrel Road Extension or in the Pinetorch Road corridor between June 15 and the Tuesday after Labour Day in September near all portages, such as at the site of the Wakimika Lake to Diamond Lake canoe portage in Shelburne Township.
 5. Ministry of Natural Resources shall establish buffer zones within the area of the undertaking to ensure that no cutting will occur around all existing and any new approved canoe routes, including portages, areas designated as sensitive wildlife habitats and areas of concern. The buffer zones should be an average of 120 metres and can be altered as specified in Condition 17.
 6. Ministry of Natural Resources shall consider the need for and then implement accordingly, buffer zones as referred to in Condition 5 and/or other management techniques required to protect other waterways in the area.
 7. Along the Red Squirrel Road Extension, mitigation measures identified in Section 6 (Road Design and Construction/Maintenance) of the Environmental Assessment to protect stream crossings and improve safety on portages shall be carried out at all waterway crossings and portages such as the Wakimika River crossing, the site of the stream crossing in Shelburne Township and on the Diamond Lake to Wakimika Lake canoe portage.
 8. Mitigation measures as identified in the Ministry of Natural Resources Construction and Mitigation Handbook to protect against environmental damage at all waterways and portages shall be applied during the pre-construction, construction and post-construction phases of the project.
 9. Specific remedial measures to improve visual aesthetics and safety conditions at existing stream crossings, canoe routes, portages and road junctions and to reduce noise impacts in the vicinity of cottages, as described in Section 7 (Mitigation and Remedial Measures) of the Environmental Assessment shall be commenced in locations of canoe routes and portages at Diamond Lake to Bob Lake, Sharp Rock Inlet, Aston Lake to Lake Temagami and Snare Creek, and in the vicinity of cottages on Hammer Handle Bay, Whitefish Bay and at the intersection of Highway 11 and the Red Squirrel Road as soon as possible, and completed no later than December 31, 1989.

TEMAGAMI ADVISORY COUNCIL

10. The Minister of Natural Resources in consultation with the Minister of the Environment shall establish the Temagami Advisory Council with a balanced membership, and with the terms of reference set out in conditions 10 to 23 and such additional terms of reference as the Ministers determine. A representative of the Bear Island Band shall be invited to participate.
11. The selection of the Chairman and membership of the Temagami Advisory Council shall be the responsibility of the Minister of Natural Resources, in consultation with Minister of Environment.
12. The Temagami Advisory Council shall provide advice and monitor the planning process for secondary and tertiary roads that may be required to provide access to timber allocations identified in timber management plans in the area to be accessed by the Red Squirrel Road Extension and Pinetorch Corridor.
13. The Temagami Advisory Council shall advise on the identification and protection of areas of concern in areas allocated for timber harvest and accessed by the Red Squirrel Road-Pinetorch corridor during the development of timber management plans in the Temagami District (*Areas of Concern* are geographically defined areas of value to other users/uses which could be affected by timber management operations, including roads, and which may require modifications to those operations).
14. The Temagami Advisory Council shall hold plenary meetings on a regular basis and these meetings shall be open to the public. Minutes of such meetings shall be made available to the public by keeping and maintaining a public record at the MNR Temagami District Office and the MOE North Bay District Office. All recommendations made by the Council shall be a matter of public record.

Road Monitoring Panel

15. Pursuant to conditions 15 through 23, the Temagami Advisory Council shall undertake the role and function of the Road Monitoring Panel (the Panel) as proposed in Section 8 (Monitoring) of the Environmental Assessment for the specific purpose of monitoring and making recommendations on the construction and operation of the Red Squirrel Road Extension and Pinetorch primary roads.
16. The Temagami Advisory Council in its capacity as the Road Monitoring Panel will report to the Minister of the Environment and the Minister of Natural Resources.
17. For purposes of Condition 5, the Council may recommend alterations from the average buffer zone of 120 metres.

18. With regard to Condition 6, the Council shall provide recommendations to the Ministry of Natural Resources.
19. The Panel shall monitor, review and make recommendations as appropriate on the road design, timing of construction, and required mitigation measures for the Pinetorch Road and Red Squirrel Road Extension.
20. The Panel shall monitor and make recommendations on road use, operations and maintenance of Red Squirrel Road Extension and Pinetorch Corridor which will include items such as speed and load limits, noise, dust and erosion control measures.
21. The Panel shall monitor and report on the success of mitigation measures used on all waterways and portages affected by the undertaking.
22. The Panel shall make recommendations for any additional studies, such as a biological inventory, water quality protection studies and forest regeneration studies in the area affected by the undertaking.
23. The Panel shall monitor and make recommendations on the siting, design and effectiveness of gates in controlling motorized public vehicular access on the existing Red Squirrel Road and the Red Squirrel Road extension, Lisk-eard Lumber Road and Pinetorch Corridor as set out in Condition 27.
24. When planning for the Pinetorch Road alignment the Ministry of Natural Resources shall consider as the basis for mitigation measures, similar methods to those outlined in Section 7.0 (Mitigation and Remedial Measures) of the environmental assessment.

The Ministry of Natural Resources shall consult with other governmental agencies, the Council and the public on the design and application of measures to prevent or mitigate negative environmental effects of the Pinetorch Road.
25. The planning of the final alignment of the Pinetorch Road shall be carried out in accordance with the Class Environmental Assessment for Timber Management on Crown lands upon its approval or pending its approval in accordance with the approved "Class EA for Access Roads to Ministry of Natural Resources Facilities".
26. Road construction and maintenance procedures as well as the siting, operation and retirement of borrow pits for road construction and maintenance shall conform with the Environmental Quality Guidelines of the Ministry of Natural Resources approved "Class EA for Access Roads to Ministry of Natural Resources Facilities" and the "Ministry of Natural Resources Construction and Mitigation Handbook for Class EA Projects".
27. The Ministry of Natural Resources shall retain existing gates in McGiffin and Aston Townships for public motorized vehicular access control and shall establish a new access control gate on the west side of the Wakimika River in Shelburne Township. The new gate shall remain in place until Condition 1 of this approval is satisfied. Secure locking mechanisms shall be installed on these gates for the purpose of preventing unauthorized access. Reasonable measures including the posting of signs, shall be taken to prevent the illegal bypassing of gates by motorized vehicles. All other gates shall be inspected at least monthly during operating periods for damage and any repairs made promptly. Gates on the Red Squirrel Road shall be inspected at least twice weekly between June 15 and the Tuesday after Labour Day in September of each year. Any complaints with regard to the security of the gates should be made to the Ministry of Natural Resources District Manager in Temagami promptly.
28. Construction of the Red Squirrel Road Extension in its entirety shall be completed no later than December 31, 1989 and all mitigation measures related to its establishment shall be completed by that date.
29. Except as provided by the foregoing conditions, the proponent shall comply with all of the provisions of the Environmental Assessment, as accepted, which are herein incorporated by reference.

**REGIONAL MUNICIPALITY OF
WATERLOO ACT****O. Reg. 407/88.**

Equalization of Assessments made under
Section 121 of the Regional Municipality of
Waterloo Act.

Made—June 27th, 1988.

Filed—June 27th, 1988.

**REGULATION MADE UNDER THE
REGIONAL MUNICIPALITY OF WATERLOO
ACT****EQUALIZATION OF ASSESSMENTS MADE
UNDER SECTION 121 OF THE REGIONAL
MUNICIPALITY OF WATERLOO ACT**

1. The equalization of assessment made under the Act in each prescribed class of real property necessary to provide, for the Regional Area, assessments of real property that, in accordance with section 121 of the Act, is equitable one with the other in each prescribed class of real property shall include, as standards to be taken into account in such equalization and the computation of the factors resulting therefrom, the following considerations:

1. The proportion that the municipal and school taxes levied for the year 1987 against the total assessment of real property in each prescribed class of real property is of the total municipal and school taxes levied for the year 1987 in the Regional Area shall be maintained to the extent that, if that single mill rate that would have been required to produce in the year 1987 the amount of municipal and school taxes levied in that year against the total assessment of the prescribed class of real property were applied to the total assessment of that prescribed class of real property resulting from the application of the factors hereafter in this Regulation prescribed for that class of real property in the Regional Area, the municipal and school taxes that would have been so levied for the year 1987 from the total assessment for that prescribed class will be substantially the same total amount for that prescribed class of real property as was actually levied in the Regional Area for the year 1987 against the total assessment for that prescribed class of real property in that Regional Area.
2. All real property within a prescribed class of real property in the Regional Area shall, as nearly as may be, be assessed at the same proportion of the market value of such real property in the year 1984, as that market value is determined by the Assessment Commissioner in whose Assessment Region the Regional Area is located.

3. The total assessment, including assessments made under section 32 or 33 of the *Assessment Act*, of the real property in the Regional Area shall not be substantially increased or decreased.

4. Equitability of assessment of real property within each prescribed class of real property in the Regional Area shall be established without significant alteration of the assessment relationships between prescribed classes of real property in the Regional Area, provided that this paragraph does not apply to affect changes in the assessment relationship between prescribed classes of real property that result from an increase in the total assessment of the prescribed class of real property by reason of assessments made under section 32 or 33 of the *Assessment Act*.
O. Reg. 407/88, s. 1.

2. This Regulation applies to the Regional Area and to the assessment to be shown on the assessment rolls to be returned in the Regional Area for the year 1987 for taxation in the year 1988 and for every assessment made in the Regional Area for taxation in each subsequent year until a new reassessment of all property within the Regional Area is made under subsection 121 (5) of the Act. O. Reg. 407/88, s. 2.

3. For the purposes of this Regulation, the real property situate in the Regional Area is divided into the prescribed classes of real property that are designated in this Regulation. O. Reg. 407/88, s. 3.

4. For the purposes of this Regulation, the factor to be applied to the market value, as determined in accordance with paragraph 2 of section 1, of real property in each prescribed class of real property in the Regional Area is that shown in the Schedule to this Regulation opposite the number of that prescribed class. O. Reg. 407/88, s. 4.

5. For the purposes of this Regulation, the following classes of real property are prescribed:

Class 1

Property assessed either,

- (a) as residential and comprising not more than six residential units, including vacant land municipally zoned for residential development described in this clause; or
- (b) as seasonal residential including vacant land zoned principally for this purpose.

Class 2

Property assessed either,

- (a) as residential and comprising seven or more residential units, including vacant land municipally zoned principally for residential development described in this clause; or

(b) as a unit or proposed unit within the meaning of the *Condominium Act* to which subsection 65 (2) of the *Assessment Act* does not apply and that is part of a building or parcel of land containing seven or more residential units, whether or not such residential units are units or proposed units within the meaning of the *Condominium Act*.

Class 3

Property assessed as commercial, including vacant land municipally zoned principally for commercial development.

Class 4

Property assessed as industrial, including vacant land municipally zoned principally for industrial development.

Class 5

Property assessed as farm land.

Class 6

Property assessed as a pipe line.

Class 7

Property assessed as a railway right of way.
O. Reg. 407/88, s. 5.

6.—(1) The rates contained in Schedule 2 to Ontario Regulation 127/88 (Equalization of Assessments made under section 63 of the *Assessment Act*) apply to the assessment for taxation of all pipe lines liable to assessment and taxation under section 24 of the *Assessment Act* and located in or on the boundary of any municipality named in the Schedule to this Regulation.

(2) For the purposes of clause 24 (16a) (b) of the *Assessment Act*,

(a) where two or more pipe lines occupy the same right of way, each pipe line occupying the right of way is a second and subsequent pipe line, except that which bears the highest assessed value computed by applying the rates in Schedule 2 to Ontario Regulation 127/88 without the reduction in rates for the second and subsequent pipe lines occupying the same right of way provided for in clause (b), but where two or more pipe lines occupying the same right of way have the same assessed value so computed and that assessed value is the highest assessed value or is the only assessed value for the pipe lines occupying that right of way, each of such pipe lines is designated as a second and subsequent pipe line except that one that was first in use as a pipe line; and

(b) where a right of way occupied by a pipe line that is not designated to be a second or subsequent pipe line under clause (a) is also occupied by a pipe line that is designated to be a second and subsequent pipe line, each pipe line so designated shall be assessable and taxable at 75 per cent of the rate in Schedule 2 to Ontario Regulation 127/88 that applies to each pipe line so designated.

O. Reg. 434/88, Sched.

Form 1

Crop Insurance Act (Ontario)

CONTRACT OF INSURANCE

BETWEEN:

THE CROP INSURANCE COMMISSION OF ONTARIO,
hereinafter referred to as the "COMMISSION",

OF THE FIRST PART

and

of the of

in the County (or as the case may be) of
hereinafter referred to as the "INSURED PERSON",

OF THE SECOND PART

WHEREAS the insured person has applied for crop insurance on red beets under the Ontario Crop Insurance Plan — Red Beets, hereinafter referred to as the "plan".

NOW THEREFORE, subject to the *Crop Insurance Act (Ontario)*, and the regulations made thereunder, where in a crop year the insured person suffers a loss in the production of red beets resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

CAUSES OF LOSS NOT INSURED AGAINST

1. This contract does not apply to, and no indemnity shall be paid in respect of, a loss in the production of the insured crop resulting from,

- (a) the negligence, misconduct or poor farming practices of the insured person or of an agent or employee of the insured person;
- (b) a shortage of labour or machinery;
- (c) insect infestation or plant disease unless recommended spray programs were followed; or

- (d) a peril other than the perils designated in the plan.

EXTENT OF INSURANCE

2. The insured person shall offer for insurance all acreage planted in the crop year to red beets on the farm or farms operated by him or her in Ontario, whether grown under contract with a processor or not and this contract of insurance applies to all such acreage.

INCORRECT ACREAGE IN FINAL ACREAGE REPORT

3.—(1) If the actual planted acreage of red beets in a crop year is less than the planted acreage declared in the final acreage report,

- (a) the coverage shall be decreased proportionately in calculating whether there has been a loss; and
- (b) the actual production shall be used in calculating the average farm yield in order to determine coverage for the following crop year.

(2) If the actual planted acreage of red beets in a crop year is less than the planted acreage declared in the final acreage report, the Commission shall not refund any part of the premium.

(3) If the actual planted acreage of red beets in a crop year exceeds the planted acreage declared in the final acreage report, the actual production shall be used in calculating whether there has been a loss and,

- (a) where the calculation indicates a loss, such actual production shall be used; or
- (b) where the calculation does not indicate a loss, such actual production shall be reduced in proportion to the acreage declared in the final acreage report,

in calculating the average farm yield in order to determine coverage for the following crop year.

HARVESTING OF PLANTED ACREAGE

4.—(1) All acreage planted to the insured crop in the crop year shall be harvested as red beets for processing unless the Commission, upon written application, consents in writing to,

- (a) the use of the planted acreage or any part of it for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part of it.

(2) If the harvesting of any planted acreage is not completed and the failure to harvest was not caused by a designated peril, the contract of insurance ceases to apply to the unharvested acreage and no indemnity shall be payable for it.

MISREPRESENTATION, VIOLATION OF CONDITIONS OR FRAUD

5. A claim by the insured person under this contract is invalid and the right of the insured person to recover indemnity is forfeited if that person,

- (a) in the application for insurance,
 - (i) gives false particulars of the insured crop to the prejudice of the Commission, or
 - (ii) knowingly misrepresents or fails to disclose any fact required to be stated in the application;
- (b) contravenes a term or condition of this contract;
- (c) commits a fraud in respect of the insured crop; or
- (d) knowingly makes a false statement in respect of a claim under this contract.

WAIVER OR ALTERATION

6. No term or condition of this contract is deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing and signed by the Commission or a representative authorized for that purpose by the Commission.

ASSIGNMENT OF RIGHT TO INDEMNITY

7.—(1) The insured person may assign all or part of the right to indemnity under this contract in respect of the insured crop.

(2) An assignment is not binding on the Commission and the Commission shall not pay an indemnity to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission gives written consent to the assignment.

INTEREST OF OTHER PERSONS

8. Despite the interest of any person other than the insured in the insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the coverage; and
- (b) except as provided in paragraph 7, no indemnity shall be paid to any person other than the insured person.

EVALUATION OF LOSS

9.—(1) Where loss or damage to three acres or more of the insured crop occurs at any time following the planting of the insured crop or any part thereof, the Commission, upon written application by the insured person, may consent in writing to,

- (a) the replanting of the damaged acreage, provided that the replanting is completed not later than the 1st day of July in the same crop year;
- (b) the use of the damaged acreage for an alternate crop; or
- (c) the abandonment or destruction of the insured crop on such damaged acreage.

(2) If the damaged acreage is replanted to red beets in accordance with sub-subparagraph (1) (a), the Commission shall pay to the insured person a supplementary benefit of \$100 for each acre replanted and the contract of insurance shall continue to apply to the replanted acreage.

(3) If the damaged acreage is used for an alternate crop in accordance with sub-subparagraph (1) (b),

- (a) the Commission shall pay to the insured person a supplementary benefit of \$100 for each acre replanted;
- (b) the replanted acreage shall be released from the contract of insurance; and
- (c) the coverage and indemnity payable shall be reduced accordingly.

10.—(1) When harvesting has been completed, the amount of loss that is taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the established price per ton by the difference between the coverage and the actual production.

(2) For the purpose of subparagraph (1), actual production includes,

- (a) production delivered to and accepted by a processor;
- (b) production delivered to and rejected by a processor unless the rejection resulted from a designated peril;
- (c) production harvested but not delivered to a processor; and
- (d) potential production of wholly or partially unharvested acreage unless the failure to harvest resulted from a designated peril.

NOTICE OF LOSS OR DAMAGE

11.—(1) When loss or damage to the insured crop occurs and the insured person intends to abandon or destroy the insured crop, or to replant or use the planted acreage for another purpose, the insured person shall notify the Commission in writing of the intention and shall take no further action without the written consent of the Commission.

(2) When loss or damage to the insured crop occurs and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within twenty-four hours of that time.

(3) When loss or damage to the insured crop occurs and it appears, or ought reasonably to appear, to the insured person at any time after planting and before the completion of harvesting of the insured crop that the production of the insured crop may be reduced by the loss or damage, the insured person shall notify the Commission in writing as soon as the loss or damage is apparent.

(4) Despite any notice given by the insured person under this paragraph, when, on completion of harvesting of the insured crop, the actual production is less than the coverage, the insured person shall notify the Commission in writing forthwith.

ABANDONMENT, DESTRUCTION OR ALTERNATE USE

12.—(1) Acreage planted to the insured crop shall not be put to another use and the insured crop shall not be abandoned or destroyed until the Commission has appraised the potential production of the acreage using an appraisal method that is reasonable in the circumstances.

(2) An appraisal made under subparagraph (1) shall not be taken into account in the final adjustment of loss where the insured person harvests the appraised acreage.

ADJUSTMENT OF LOSS

13.—(1) When the insured person experiences a loss or damage to the insured crop, the Commission may cause the production of the insured crop to be appraised by any method that is reasonable in the circumstances.

(2) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) what actual production was obtained from the insured crop for the crop year; and
- (b) that the loss in production or part thereof resulted directly from one or more of the designated perils.

(3) Where a loss in production resulted partly from a designated peril and partly from a cause of loss not

insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against and shall reduce the indemnity payable under this contract accordingly.

(4) Subject to subparagraph (5), the indemnity payable with respect to the total planted acreage in the final adjustment of loss shall be the sum of all loss calculations applicable to such acreage.

(5) When the actual production of any harvested acreage exceeds the coverage applicable to that acreage, the indemnity otherwise payable for a loss in production shall be reduced by the amount obtained by multiplying the excess by the established price per ton.

PROOF OF LOSS

14.—(1) An insured person, except as set out in subparagraph (2), shall claim an indemnity in respect of the insured crop on a Proof of Loss Form provided by the Commission and shall file the form with the Commission not later than sixty days after the earlier of,

- (a) the completion of harvesting of the insured crop; or
 - (b) the end of the crop year.
- (2) A claim for indemnity may be made,
- (a) in the case of the absence or inability of the insured person, by an authorized representative; or
 - (b) in the case of the absence or inability of the insured person or on his or her failure or refusal to do so, by an assignee under an assignment made under paragraph 7.

(3) When it is reasonable in the circumstances, the information given in a proof of loss form shall be verified by statutory declaration.

ARBITRATION

15. When the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with Regulation 197 of Revised Regulations of Ontario, 1980.

TIME FOR PAYMENT OF INDEMNITY

- 16.—(1) No indemnity under this contract is due and payable until,
- (a) the end of the crop year; and
 - (b) the payment in full of the premium.
- (2) Where the indemnity payable by the Commission under this contract is established by the filing of a

Proof of Loss Form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the Proof of Loss Form or award, as the case may be.

SUBROGATION

17. When the Commission has paid a claim for indemnity under this contract, the Commission is subrogated to the extent of the payment to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

18. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time for any purpose related to the contract of insurance.

NOTICE

- 19.—(1) Any written notice to the Commission shall be given by delivering it or mailing it to the Commission.
- (2) Written notice to the insured person shall be given by delivering it or mailing it to the insured person at his or her last post office address on file with the Commission.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this contract of insurance to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

2. Section 2 of the said Regulation is revoked and the following substituted therefor:

2.—(1) The prohibition in subsection 34 (2) of the Act does not apply in respect of a differentiation in the rates of contribution by an employer to a pension plan if the differentiation is made on an actuarial basis because of the sex of the employee and in order to provide equal benefits under the plan.

(2) The prohibition in subsection 34 (2) of the Act does not apply in respect of a differentiation made under a pension plan if,

- (a) the *Pension Benefits Act, 1987* applies to the pension plan; and
- (b) the differentiation is made,
 - (i) on the basis of the sex of an employee, and
 - (ii) in respect of employment prior to the 1st day of January, 1987, other than employment that is described in clause 53 (3) (b) or (c) of the *Pension Benefits Act, 1987*.

(3) The prohibition in subsection 34 (2) of the Act does not apply in respect of a differentiation made under a pension plan if,

- (a) the *Pension Benefits Act, 1987* does not apply to the pension plan; and
- (b) the differentiation is made,
 - (i) on the basis of the sex of an employee, and
 - (ii) in respect of employment before this subsection came into force.

(4) In subsections (2) and (3), "differentiation" means a type of differentiation to which the prohibition in subsection 34 (2) of the Act did not apply on the 31st day of December, 1987, because of the operation of this section as it read on that date. O. Reg. 443/88, s. 2.

3.—(1) Clause 3 (b) of the said Regulation is revoked and the following substituted therefor:

- (b) a differentiation between employees under a pension plan because of marital status if the differentiation is made for the purpose of providing benefits that are payable periodically during the joint lives of an employee who is entitled to the pension and the employee's spouse, and thereafter during the life of the survivor of them, as provided in the pension plan; and

(2) Clause 3 (c) of the said Regulation is amended by inserting "or a unit-benefit" after "benefit" in the second line.

(3) Section 3 of the said Regulation is amended by adding thereto the following subsections:

(2) For the purposes of clause (1) (b), benefits are deemed to be payable periodically despite the fact that they are commuted, if the amount of the annual benefit payable to the employee at the normal pensionable date is not more than 2 per cent of the Year's Maximum Pensionable Earnings, as defined in the *Canada Pension Plan* in the year that the employee terminated the employment.

(3) Clause (1) (b) does not apply if the *Pension Benefits Act, 1987* applies to the pension plan and the plan contravenes the provisions of that Act respecting joint and survivor pensions. O. Reg. 443/88, s. 3 (3).

4. Section 4 of the said Regulation is revoked and the following substituted therefor:

4.—(1) The prohibition in subsection 34 (2) of the Act does not apply in respect of a differentiation made between employees because of age, if the differentiation is determined on an actuarial basis, and it is,

- (b) a differentiation in the rates of contributions that an employee is required to make to a money purchase or profit sharing pension plan;
- (c) a differentiation in the rates of contributions by an employer to a unit-benefit or defined benefit pension plan, unless the *Pension Benefits Act, 1987* applies to the plan and the plan contravenes the provisions of that Act respecting age differentiation;
- (d) a differentiation in the rates of contributions by an employer to a money purchase or profit sharing pension plan,
 - (i) when the employer transfers the assets from a unit-benefit or defined benefit pension plan to the money purchase or profit sharing pension plan, and
 - (ii) if the differentiation is made in order to protect employees' pension benefits from being adversely affected by the transfer; or
- (e) a differentiation in benefits payable to employees that, if the *Pension Benefits Act, 1987* applies to the pension plan, is permitted by that Act.

(2) Notwithstanding subsection (1), the requirement that a differentiation be determined on an actuarial

basis does not apply to a differentiation described in clause (1) (a), (b) or (e) that is made in respect of the employment of a person before this section came into force.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 446/88.

Exemption—The Corporation of the City of Toronto—TOR-C-4.

Made—July 13th, 1988.

Approved—July 13th, 1988.

Filed—July 13th, 1988.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—THE CORPORATION OF THE CITY OF TORONTO—TOR-C-4

Having received a request from The Corporation of the City of Toronto that the undertaking namely:

the enterprise or activity of a building development involving mixed land uses with significant emphasis on affordable and non-profit housing in the area of the City of Toronto bounded on the west by the westerly limit of Parliament Street, on the north by the northerly limits of Front Street East, Eastern Avenue and the Eastern Avenue Diversion, the westerly limit of St. Lawrence Street, and the northerly limit of King Street East, on the east by the easterly limit of Bayview Avenue, and bounded on the south as follows—starting at Parliament Street, east along the southerly limit of Mill Street, the westerly limit of Cherry Street and the northerly limit of the Toronto Terminals Railway Corridor, but excluding therefrom the Gooderham & Worts properties on the north side of Mill Street between Trinity Street and Cherry Street, and east along the Railway Corridor to the easterly limit of Bayview Avenue, together with lands south of the Railway Corridor known as Gordon Young/Maple Leaf Mills Ltd. being premises 554 Lakeshore Boulevard East, (the 'site'),

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The people of Toronto will be interfered with as a result of a delay in bringing onto the market much needed non-profit and affordable housing units during a time when waiting lists for public, non-profit and co-operative housing are large and growing rapidly.
- B. Several locations within and off the site of the proposed undertaking will not promptly benefit from the removal of industrial emission sources and contaminated soils if the undertaking does not proceed.

Having weighed such injury damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The public will benefit by the exemption in that the undertaking will increase the housing supply in the City particularly through the provision of affordable housing, non-profit housing and housing for persons with special needs, at a time when the supply of all types of housing in the City and, particularly within the core area of the City, is in great shortage and waiting lists for public, non-profit and co-operative housing are growing rapidly.
- B. The site provides a substantial amount of land that can be well integrated with the existing physical and social infrastructure of the City core. It is capable of being developed within a reasonable period of time.
- C. Some locations within the site have undesirable environmental qualities because of soil contamination caused by previous and existing industrial land uses which will be remedied or controlled if the undertaking goes ahead.
- D. The conditions of this order will ensure that there is a thorough environmental planning and approval process, involving opportunities for public participation at various stages.
- E. The net effects on the environment of the undertaking, after the disruption of construction, should be minimal and be positive in nature, particularly considering the existing industrial-type uses in the area.
- F. Environmental effects respecting the undertaking will be addressed in detail as set out in the conditions of this order.
- G. A great proportion of the components of the undertaking are not subject to the requirements of the EA Act including the municipal non-profit housing component and ancillary commercial and other uses within the housing project.

This exemption is subject to the following terms and conditions:

- 1. This order only exempts the acquisition, development and use of the site for the proposed mixed residential, commercial, institutional, community parks, and industrial land uses.
- 2. —(1) An environmental overview study,
 - (a) shall be undertaken by the proponent and submitted to the Minister of the Environment for approval following an opportunity for public notice, review and comment, before the Official Plan Amendment(s) for the undertaking is submitted to the Min-

ister of Municipal Affairs for approval under the *Planning Act, 1983*;

- (b) shall identify key environmental concerns on and off the site, including,
 - (i) any effects on health,
 - (ii) soil quality,
 - (iii) air quality, including odours and dust,
 - (iv) noise and vibration,
 - (v) water quality, including ground and storm water, and
 - (vi) the presence or absence of waste associated with the former coal gasification plant; and
- (c) shall contain,
 - (i) an overview of existing soil and ground water quality conditions and proposed soil and ground water management for the entire site,
 - (ii) a risk analysis of injury or damage from flooding or accidents upon road and rail corridors in the area of the site,
 - (iii) a description of the detailed environmental studies on impacts and mitigation measures and strategies that will be carried out for each part of the site prior to zoning by-law amendments or development agreements or agreements of purchase and sale being entered into by the City for the development or disposition of that part of the site,
 - (iv) a description of the environmental planning and approvals process under the *Planning Act, 1983* and other statutory authorities including the sequence of development from the Official Plan Amendment to zoning by-law amendments for each area of the site,
 - (v) a description of the agreements that will be entered into by the City for each part of the site, and

- (vi) a summary of any submissions made or concerns raised by the public and the responses thereto.
- (2) In these conditions, "remedial work" means anything of an environmental nature required to be done by these conditions or the programs and strategies developed under them for the purpose of removing environmental risks from the site or rendering them unlikely to cause adverse effects.
- 3. The City shall develop detailed soil and ground water quality management programs for each area of the site which will be submitted to the Director of the Central Region, Ministry of the Environment for approval, prior to approval of zoning by-law amendments. The program shall examine if, how and where contaminated soil should be removed.
- 4. —(1) On the basis of key concerns raised in the environmental overview study, including the soil and ground water quality aspects, the City shall undertake the detailed studies referenced in sub-sub-subcondition number 2 (1) (c) (iii) on specific environmental problems to identify the extent of the problems and suggest remedial strategies. The studies shall identify which remedial measures can be carried out prior to commencement of construction and which can only be carried out or completed after construction has commenced on the parts of the site to which the remedial measures relate. The studies shall be submitted to the Director of the Central Region, Ministry of the Environment for approval, prior to approval of zoning by-law amendments.
- (2) The remedial measures described in any study submitted under subcondition 4 (1) as being able to be carried out prior to commencement of construction shall be so carried out.
- 5. The Official Plan Amendment for the undertaking shall provide that,
 - (a) the environmental planning and approvals process under the *Planning Act, 1983* and other statutes, specified in the approved environmental overview study be followed;
 - (b) the site be the subject of a holding symbol under section 35 of the *Planning Act, 1983* and that the symbol be removed with respect to any part of the site only when a consulting engineer has,
 - (i) certified that remedial work required under any of these conditions to be carried out prior to commencement of construction on that part of the site has been properly completed,
 - (ii) prepared a report setting out how the remedial work has been carried out and what if any other remedial work remains to be done and that the property is safe for the intended land use, and
 - (iii) delivered a copy of the certificate and report to the Director of Central Region, Ministry of the Environment and the City Clerk;
 - (c) whenever the City owns any residential premises on the site, or has control over them by agreement or otherwise for the purpose of this condition, it shall ensure that the premises are not leased to any person unless the prospective tenant has been advised of the nature of any ongoing environmental concerns relating to the premises and identified under these conditions, such as potential noise, vibration, dust or odour impacts on the premises;
 - (d) environmental mitigation measures developed under conditions 2, 3 and 4 and any programs and strategies and other remedial works developed under them and the balance of the subconditions be carried out and complied with;
 - (e) where the City sells any part of the site, other than by means of a plan of subdivision, rather than developing it and continuing to own it, the City, as vendor, will impose a building scheme in a registered agreement satisfactory to the Director, Central Region, of the Ministry of the Environment, so that it will run with the land and bind subsequent purchasers, requiring the environmental mitigation measures developed under conditions 2, 3 and 4 and any programs and strategies and other remedial works developed under them and the balance of the subconditions be carried out and complied with;

- (f) where any part of the site is to be developed as a condominium or by means of a plan of subdivision then in lieu of establishing the building scheme referred to in subcondition (e) there shall be an agreement under section 50 of the *Planning Act, 1983* registered on title imposing similar conditions;
 - (g) an environmental consultant be retained by the City to certify that all site plans and building plans comply with environmental requirements and incorporate all necessary environmental safeguards including provisions for noise, vibration, soil quality, ground water quality, storm water, air quality, odour and dust;
 - (h) an on-site environmental inspector be retained by the City of Toronto to provide on-site environmental inspection and supervision of grading and construction activities to ensure that best available environmental practices are followed, including those for soil, air, noise and water management and, to ensure an acceptable clean-up of each area for the intended land use, who shall make a monthly status and compliance report to the Director, Central Region, of the Ministry of the Environment, and the City of Toronto; and
 - (i) all contract documents regarding site grading and restoration, clean-up and construction work shall provide the on-site environmental inspector and environmental consultant(s) with authority over on-site construction activities to ensure compliance with any environmental conditions in, or developed under, these conditions that relate to the contract.
6. In carrying out the above conditions, the City shall ensure that full public participation in the planning process is encouraged and provided for and that the studies referred to in condition number 4 are reviewed at a meeting at which the public may make representations to City Council or one of its committees prior to being submitted to the Minister of the Environment for approval.
7. The proponent shall at least annually report in writing to the Director of the Environmental Assessment Branch of the Ministry of the Environment for filing with the public records kept under section 31 of the *Environmental Assessment Act*. The reports shall set out the progress with the implemen-

tation of the undertaking and compliance with conditions contained in this document and with the environmental aspects of agreements entered into pursuant to these conditions.

- 8. Any agreement which is entered into under the *Housing Development Act* or the *Planning Act, 1983*, and any building scheme agreement and agreement of purchase and sale entered into by the City for the development and/or disposition of any part of the site shall require compliance with these conditions and the programs and strategies developed under them, in so far as they relate to the lands dealt with by the agreements.
- 9. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
- 10. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
- 11. This exemption shall expire on July 1, 1990, unless the proponent has filed a report with the Director under condition 7 indicating that the undertaking has commenced.

REGULATION MADE UNDER THE
FUEL TAX ACT, 1981

REFUNDS

1. In this Regulation,

"applicant" means a person who applies for a refund under this Regulation;

"debtor" means a person to whom an applicant has sold fuel;

"wholesale dealer" means a person who sells fuel for the purpose of resale. O. Reg. 470/88, s. 1.

2.—(1) Subject to subsection (2), upon receipt of an application in Form 12 of Ontario Regulation 772/82 made by an applicant who is a collector, importer, wholesale dealer or retail dealer, together with such other information as may be required under this section, the Minister may refund an amount on account of tax collectable or payable under the Act that has been remitted by the applicant to the Treasurer or paid over by the applicant to the collector, importer or other fuel supplier for subsequent remittance to the Treasurer, with respect to fuel, equal to,

- (a) where all or a portion of the sale price of the fuel sold by the applicant has not been paid and has become an uncollectable debt, that portion of the amount remitted or paid over by the applicant on account of tax with respect to the fuel that the uncollectable debt bears to the total sale price of the fuel, including the total amount on account of tax; and
- (b) where the fuel has been lost or cannot be sold or used by the applicant by reason of destruction, theft or contamination of the fuel, the amount remitted or paid over by the applicant on account of tax with respect to the fuel.

(2) No refund shall be made under this section where,

- (a) the collectable or uncollectable portion of the debt arising on the sale of the fuel referred to in clause (1) (a) has been assigned, with or without recourse, by private contract to another person other than for security purposes;

- (b) at the time of the sale of the fuel referred to in clause (1) (a) or of the loss of the fuel referred to in clause (1) (b), as the case may be, the applicant did not hold a valid licence under the *Gasoline Handling Act*; or
- (c) the applicant is otherwise entitled under the Act or the regulations to receive or to apply to receive a refund of or an allowance in compensation for the amount remitted or paid over by the applicant on account of the tax with respect to the fuel.

(3) For the purposes of this section,

- (a) a debt is not an uncollectable debt until,
 - (i) the applicant has claimed a deduction for the amount of the debt under paragraph 20 (1) (p) of the *Income Tax Act* (Canada) in the calculation of the applicant's income for a taxation year for the purposes of that Act, and
 - (ii) the deduction referred to in subclause (i) has been allowed by the Minister of National Revenue, by a court on an appeal under Division J of the *Income Tax Act* (Canada) or by a court on an appeal of a previous court decision; and
- (b) a debt shall cease to be an uncollectable debt if the deduction referred to in clause (a) is subsequently denied on an assessment, reassessment or additional assessment of tax or in a determination of the applicant's non-capital loss under the *Income Tax Act* (Canada), or on an appeal referred to in subclause (a) (ii).

(4) An application for a refund under clause (1) (a) shall be accompanied by,

- (a) copies of all invoices in respect of which a refund is being claimed;
- (b) proof that the amount being claimed was remitted to the Treasurer or paid over to a collector, importer or other supplier for subsequent remittance to the Treasurer; and
- (c) proof that the debt in respect of which the refund is being claimed is an uncollectable debt.

(5) An application for a refund under clause (1) (b) shall be accompanied by,

- (a) a copy of any settlement by or written confirmation from an insurance company confirming settlement of any claim for the loss with respect to which the refund is being claimed;

- (b) a copy of any police report made with respect to the loss;
- (c) a copy of any fire marshal's report made with respect to the cause of the loss; and
- (d) such other information as is necessary to verify the loss or contamination of the fuel and the remittance or payment over by the applicant of the amount being claimed.

(6) Where a refund has been made under clause (1) (a) or under section 11 of Ontario Regulation 772/82 as it existed on the 21st day of July, 1988, the tax in respect of the fuel shall remain payable to the Treasurer and the applicant or the person who received the refund under the said section 11 shall pay to the Treasurer an amount on account of tax payable under the Act as determined under subsection (7) at any time when the applicant or person receives any payment from or on behalf of the debtor or receives any payment from any person in satisfaction of part or all of the debt in respect of which the refund was made.

(7) For the purpose of subsection (6), the amount payable to the Treasurer shall be the amount on account of the tax determined by the Minister to have been paid to the applicant or person after allocation of the payment to amounts payable to the applicant by the debtor on account of fuel and tax in the order of the date of sale by the applicant or person.

(8) Where a refund has been made under clause (1) (a) and the debt in respect of which the refund was made has ceased to be an uncollectable debt, the applicant shall become liable to pay to the Treasurer the amount of the refund and such amount shall be deemed, for the purposes of the recovery thereof, to be tax payable by the applicant under the Act.

(9) Where a refund has been made under clause (1) (a) and the applicant has paid an amount to the Treasurer under subsection (8), the Minister may make a refund to the applicant under clause (1) (a) in an amount that is not in excess of the amount paid to the Treasurer under subsection (8) if,

- (a) the debt in respect of which the refund was originally made subsequently becomes an uncollectable debt by reason of the subsequent allowance of the deduction referred to in clause (3) (a) by the Minister of National Revenue or by a court on an appeal of an assessment of tax under the *Income Tax Act* (Canada); and

- (b) neither the applicant nor the Minister of National Revenue has any further right of appeal, either with or without leave of a court, with respect to the issue of the deductibility of the debt or part thereof from the applicant's taxable income under that Act.

(10) No refund shall be made under this section unless application therefor is made within three years of,

- (a) in the case of a refund under clause (1) (a), the date of a notice of assessment or a determination of a non-capital loss made under the *Income Tax Act* (Canada) or of a judgment or order of a court, whereby the debt in respect of which the refund is claimed is allowed as a deduction referred to in clause (3) (a); and
- (b) in the case of a refund under clause (1) (b), the date of the loss or contamination of the fuel in respect of which the refund is claimed. O. Reg. 470/88, s. 2.

(b) a debt shall cease to be an uncollectable debt if the deduction referred to in clause (a) is subsequently denied on an assessment, reassessment or additional assessment of tax or in a determination of the applicant's non-capital loss under the *Income Tax Act* (Canada), or on an appeal referred to in subclause (a) (ii).

(5) An application for a refund under clause (2) (a) shall be accompanied by,

(a) copies of all invoices in respect of which a refund is being claimed;

(b) proof that the amount being claimed was remitted to the Treasurer or paid over to a collector or other dealer for subsequent remittance to the Treasurer; and

(8) For the purpose of subsection (7), the amount payable to the Treasurer shall be the amount on account of the tax determined by the Minister to have been paid to the applicant after allocation of the payment to amounts payable to the applicant by the debtor on account of tobacco and tax in the order of the date of sale by the applicant.

- (b) in the case of a refund under clause (2) (b), the date of the loss or contamination of the tobacco in respect of which the refund is claimed.
